Dear Mount Rushmore:

Last February I sent you a letter regarding my decision to circulate a petition to put Jimmy Carter's face on Mount Rushmore. I am including a copy of that letter now for your reference.

I am writing once again because I never heard back from you. I also wanted to let you know that I have accumulated 6,357,401 signatures of fellow Americans who would like to make this happen. Should I forward those to your office directly or is there a form that I need to complete first?

I would like to get going on this as soon as possible, so please write back right away!

Sincerely,

Rusty Lucas

p.s. I would still like a baseball cap.
