*Alcor's Mission: The Preservation of Individual Lives*

December 16, 2005

Rusty Lucas  
P.O. Box 422  
Sandusky, Ohio 44871

Dear Mr. Lucas:

Time is of the essence! You must act immediately by carefully moving this historically significant snow artifact to your household freezer. This is vital to prevent further deterioration!! Once you have notified us of this, we can then proceed by dispatching our rescue helicopter and crack emergency recovery team. Do not delay!!!

On a related note, you must know by now that the mighty Google knows all, sees all, and tells all. Your letter gave all of us here at Alcor the biggest laugh of the week. This is definitely one of the best since my personal favorite, a phone call from "Carla" (<http://zderek.com/old/carla.html>). Unfortunately, we are fresh out of baseball caps, but in recognition of your fine efforts, I am enclosing one of our T-shirts.

Best wishes, and don't eat any yellow snow,

Steve Van Sickle  
Executive Director
