Dear Rusty:

We don't give out or sell our data bases whether it's from someone who mails the radio station or wins a prize. So, you are incorrect about your conclusion on how you are getting junk mail

We also did not promise you or anyone else a baseball cap. We have not given away baseball caps on the air.

If you want to mail me about the "radio bingo" idea you can address that directly to me.

Sincerely,

A handwritten signature in blue ink that reads "Ray Davis".
