How would you feel if...
...you let **ONE HUNDRED THOUSAND DOLLARS FREE FROM THE FEDERAL GOVERNMENT** slip right through your hands?

Dear Friend,

Deciding not to return your Priority Certificate could be very serious business. You could actually be entitled to receive as much as \$10,000.00 to \$100,000.00 — your share of the \$340 billion Uncle Sam gives away each year.

You see, it's guaranteed that the \$340 billion is budgeted to be given away. It has to be given away by law! There's only one hitch. The government doesn't advertise these giveaways, so many Americans don't know they exist.

Sad but true...the money you could have received may remain unclaimed by you because you know nothing about it, and you would get nothing. Zero!

Don't let that happen. See how much you can collect in my new book, **AMERICA'S SECRET CASH GIVEAWAYS**. Mail your No-Risk Priority Certificate now!

Sincerely,

Stephen Young

P.S. Below is a letter from a reader who knows first hand the meaning of FREE MONEY. To her, my free money book is a "miracle"!
