Qualified State Resident:

Rusty Lucas
PO Box 422
Sandusky, OH 44871-0422

Rusty Lucas:

This is to notify you of your eligibility for a program intended to provide state residents with the resources needed to greatly enhance your income while doing light work and making your own hours.

This program is also intended to meet the tremendous demand for professional locksmiths in Ohio and around the country. Therefore, you will be able to become a locksmith — and dramatically increase your earning potential — in very little time, and at very little cost.

PROVIDE A NEEDED SERVICE. EARN A GOOD INCOME.

The need for security services has never been greater. There are over 70,000,000 households, 14,000,000 offices, 123,467,000 automobiles, and 35,382,000 trucks and buses in service in the U.S. today. Every one of them has locks. Every one of those locks needs to be installed, serviced and occasionally replaced. As crime rates soar and people become more security conscious, locksmiths are even more in demand.

As a professional locksmith, you will be among the most respected members of your community, providing a real service for your neighbors, and helping them protect their most valuable assets. Citizens will be trusting you with the locks on their homes, offices and cars!

The average wage for a locksmith is now \$33.14 an hour,* and you can earn even more with the 50% to 100% mark-up you get on parts and supplies you sell as a routine part of your service. Other facts you should know about locksmithing:

- The work is light.
- You can be your own boss, with your own business.
- You can work full or part time, as much as you want.
- You can work from home, in a small shop or from a mobile shop.

HOW THE PROGRAM WORKS

Your first step is to return the Interest Card enclosed to receive a FREE Opportunity Kit. It will have all the details about the training you will receive through this program and the career you'll have to look forward to as a Professional Locksmith. As an Ohio resident, this Kit is yours entirely without cost or obligation of any kind.

If you decide to enroll in the program, you'll be able to train to become a locksmith at home

(Over, please)

through a course administered by the Foley-Belsaw Institute, a respected school that has been running programs like this for over 80 years. The program offers these important advantages:

- You'll be able to get your locksmithing certificate in as little as 6 months or even less, learning in your own home, at your own pace. Take as long as you want with each lesson.
- You'll be able to keep your current job while you learn locksmithing.
- You will be permitted to start earning money as a locksmith while you take the course. It is anticipated that many participants will make back the cost of enrollment — and much more — this way.
- You will receive all the tools, supplies and materials you need to master the trade.
- Enrollment is very inexpensive for Ohio residents, and payable in installments if you wish. In fact, you can get started for only \$35!
- Your practice will not be limited to Ohio. You can work anywhere in the country.
- After you complete the program, you will receive ongoing technical assistance from Foley-Belsaw, access to technical information, updates on training, information on current business opportunities, and FREE catalogs of parts and tools that permit you to buy supplies wholesale. You will also receive valuable assistance in starting your own business.

WHO SHOULD RESPOND TO THIS NOTICE.

If you're over 18 and considering a new career with promise, respond to this notice. Retirees are also encouraged to respond, as locksmithing can be an excellent source of extra income. It can also be an ideal profession if you are physically challenged. You do not need a college degree or even a high school diploma.

INDICATE YOUR INTEREST BY THE DATE SHOWN.

Response dates have been assigned by last name. You will find the response date for your name at the top of this letter. Return the Interest Card enclosed before that date.

You will be under no obligation of any kind; this response is simply to request a FREE Opportunity Kit with more information.

Ohio needs locksmiths. So does the rest of the country. If you need an opportunity to make more money, indicate your interest today.

THIS PROGRAM OFFERS NO ASSURANCES THAT THE PERIOD DURING WHICH YOU CAN INDICATE INTEREST WILL BE EXTENDED OR REPEATED. YOU ARE URGED TO RESPOND NOW. THERE IS NO COST OR OBLIGATION.
